Policyholder Disclosure Notice of Terrorism and Catastrophe Insurance Coverage

Coverage for acts of terrorism is included in your policy. Under your existing coverage, any losses resulting from certified acts of terrorism would be partially reimbursed by the United States Government. Beginning January 1, 2016:

- The current 85% Federal share of compensation under the TRIPRA decreases by one percentage point per calendar year until it is equal to 80%.
- The current program trigger for aggregate industry insured losses to exceed \$100 million increases by \$20 million per calendar year until it is equal to \$200 million.
- Notwithstanding above, the United States Government will not make any payment under the Act for any portion of Insured Losses that exceed \$100 billion.

Premium for terrorism is calculated on the basis of total payroll. The total Colorado payroll is divided by \$100 and multiplied by the approved terrorism rate, \$0.005 per \$100 of payroll. The calculation is expressed as (Colorado payroll / \$100 X Approved Terrorism Rate = Premium). This premium is not subject to any other modification including, but not limited to, premium discount, experience rating, schedule rating, or retrospective rating.

Additionally, all workers' compensation carriers are required to charge premium to cover large losses. Premium for Catastrophe (other than Certified Acts of Terrorism) is calculated on the basis of total payroll. The total Colorado payroll is divided by \$100 and multiplied by the approved Catastrophe (other than Certified Acts of Terrorism) rate, \$0.005 per \$100 of payroll. The calculation is expressed as (Colorado payroll/ \$100 X Catastrophe (other than Certified Acts of Terrorism) Value = Premium). This premium is not subject to any other modifications including, but not limited to, premium discount, experience rating, schedule rating, or retrospective rating.
